

This Little Pig Pricing Guide

This is a guide to pricing at the consignment sale; keep in mind that this is only a guide. Another rule of thumb would be 30% of what it would cost new. Like New and New With Tags Items can be priced higher than used items. For Kids' Clothing sizes >5, you can add \$1 to each of the below prices. Your clothing items are hanging next to your "competition"; price to sell. Your goal is to SELL every item and make the most money possible. By allowing items to sell in the 50% Off Sale, you will increase your total earned.

BRANDS:
